New ticketing system

CHAMONIX MOBILITÉ

Easy to use, reliable and practical the contactless travel cards allow you to charge the right ticket for your needs.

SIMPLE

The travel cards can be recharged in one of our sales points, on the self-service terminals or directly on the Chamonix Mobilité website / app.

SAFE

In case of loss or theft your personalized travel card can be blocked and renewed (for the cost of the card).

PRACTICAL

Data collected through the card readers provides valuable insights into passenger behavior and travel patterns, enabling optimized route planning.

Valid for transport:

- Liftpasses, minimum 4h (Except for the night buses)
- Via Cham Card
- Chamonix Mobilité bus tickets
- Payment by credit card

Both digital and physical cards and tickets are accepted on the validators.

Holders of a Mobilbus card and children under 4 years old are exempt from validation.

Validate each time you board – Even when making a connection!

Make up to 3 bus rides on a single ticket

Open Payment:

If you are travelling alone: Hold your card against the reader and wait for the beep or green light.

If you are travelling as a group: Press the + button at the bottom left of the screen to select the number of passengers, hold your card against the reader and wait for the beep or green light.
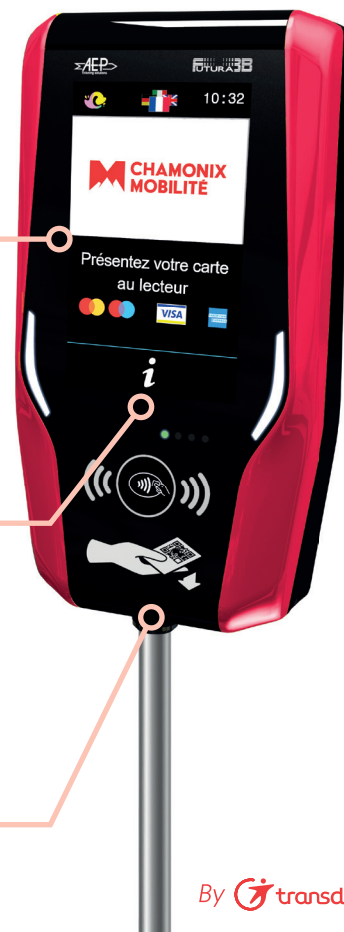

How to use

TAP

To validate your travel card or pay by credit card

INFO

Press "i" and scan your travel card to consult the remaining number of tickets.

SCAN

To validate the QR code on your ticket

By **transdev**

You must validate each time you board, even when making a connection.
Please tap your card or device on the reader or scan the QR code at the bottom of the screen.
